NEW Sunday Schedule for St. Patrick & St. Francis Xavier Effective October 7

Saturday Vigil Holy Mass

- 4pm - St. Francis Xavier (Ordinary Form)

Sunday Holy Mass

- 7:30 am - St. Francis Xavier (Ordinary Form)

- 9:00 am - St. Patrick (Ordinary Form)

- 11:00 am - St. Francis Xavier (Extraordinary Form - w/Missa Cantata-sung Mass once a month)

In consultation with Bishop Daly, the Parish Councils of both parishes, and with much prayer, we have decided to change the schedule in this way. From now on, I will be able to say *all* of the Sunday Masses and to be present for fellowship afterward at *both* parishes. I am grateful to everyone who has prayed for the well-being of both parishes at this time of change. I realize that these changes effect people's ability to pray and can feel like things are unstable and disorienting. I want to assure you of my care and concern for both parish communities, as does Bishop, and of my desire to have our parishes not simply survive but to thrive in the coming years. Please let me know if you have any ideas, questions or concerns, I would be happy to meet with you and talk about anything. May God bless you and keep you. In Mary's Immaculate Heart, - Fr. Gaines

The "End" of Life: Guidance for Making Moral Medical Decisions

Many of us care for someone dying and all of us will die. Although modern medicine is often a blessing as death approaches, the options it offers can also make medical decisions more difficult. Dr. Lyra Pitstick will offer a very practical introduction to Catholic teaching on making moral decisions in this medical context. Whether you and your loved ones need help now or you want to equip yourselves for the future, you should leave the series better informed, more confident, and more at peace about making such decisions. Held at St. Charles Parish, 7-8:15 p.m. Sessions build on each other, so come to as many as possible! But if you can only come to one, come anyway! Childcare will be available.

Nov. 28 The meaning in life, suffering, and death; why it matters that we're creatures of both body and soul; and 7 things that complicate end-of-life decisions

Dec. 5 Human freedom and the voice of conscience; the 3 things involved in every moral act; and necessary principles about accepting and refusing medical treatments

Dec. 12 Applications of the material of the first two sessions, including to 'mercy' killing, physician-assisted suicide, pain management and hospice, tube feeding, ventilators, persistent vegetative state, and organ donation.
